## COURSEWORK

### UNDERGRADUATE

Programming and Problem Solving  
(C, Python, Java)  
Mathematics I, II  
Data Structures  
Database Management Systems  
Operating Systems  
Web Development  
Cloud Computing  
Cryptography  
Managerial Economics and Business  
Analysis

## SKILLS

### PROGRAMMING

Languages :  
• C, Python, Java  
Frontend :  
• HTML, CSS, JavaScript, React.js, Node.js  
Backend :  
• Express.js, MongoDB, MySQL, Firebase,  
Spring Boot, REST API  
Operating Systems:  
• Ubuntu, Kali Linux, Windows  
Tools:  
• ChatGPT, Blackbox AI

### HOBBIES

- Listening to music
- Playing Cricket
- Cooking

## CERTIFICATIONS

- Fundamentals of Database Engineering
- Fundamentals of Python Programming
- Cybersecurity Essentials from Cisco Networking Academy
- Spring Boot Intern Certificate from VMWare
- Learn HTML Step-by-Step
- Introduction to Artificial Intelligence from Infosys Springboard
- Database Management System
- Java Programming Fundamentals from Infosys Springboard
- Python Data Structures and Algorithms
- Basics of Python from Infosys Springboard

## INTERNSHIP

### VMWARE INTERN | SPRING BOOT DEVELOPER

- Developed a FlightAware Clone website using Spring Boot and Skyscanner API.
- This website features home screen and the ability to access the flight details like flight timings, journey cost.
